Report of  
Ladies of Election  
Jan'y 4 - 1907

1. The first part of the report is a general introduction to the project, which includes the objectives, scope, and methodology.

The votes cast were:-

1. The first part of the document is a list of names and dates, which appears to be a roster or a list of events. The names are written in a cursive script, and the dates are in a more formal, printed style. The list is organized into columns, with names on the left and dates on the right.

2. The second part of the document is a large, rectangular area that has been heavily redacted or obscured. It contains a grid of small, illegible characters or marks, possibly representing a data table or a form that has been completely obscured by a heavy black mark.

3. The third part of the document is a list of names and dates, similar to the first part. The names are written in a cursive script, and the dates are in a more formal, printed style. The list is organized into columns, with names on the left and dates on the right.

4. The fourth part of the document is a large, rectangular area that has been heavily redacted or obscured. It contains a grid of small, illegible characters or marks, possibly representing a data table or a form that has been completely obscured by a heavy black mark.
